

Five New Waste Management Trucks

AND A MEMORABLE & FUN ANTI-LITTERING CAMPAIGN

A solid blue horizontal bar spanning the width of the slide, located at the bottom.

Five New Trucks

Truck One: 29 cubic yard rear loader for yard waste and bulk collection.

Truck Two: 29 cubic yard automated refuse collection truck that can be closed during transit to prevent fly-away trash.

Trucks Three, Four & Five: 24 cubic yard dual operating automated collection (either curb side or street side), and a semi-automated cart tipper on the street side. These trucks can also be closed during transit.

All trucks: equipped with GPS for improved efficiency.

Littering is Wrong Too!
